Cyprus - the hosting Country

Cyprus, the island of Aphrodite, the Great Goddess of peace and love, is situated in the northeastern corner of the Mediterranean Sea, at the cross point of three continents.

In the course of its 9000 years of history the island has been a cultural and trade meeting place of great importance. Traces of Hellenic, Roman and Venetian cultures are found everywhere.

The island's natural beauty, golden sandy beaches, green mountains, nature walks in still-unspoiled areas, a varied nightlife, good shopping and good food, coupled with advanced telecommunications and latest technology make Cyprus the perfect conference and holiday destination.

Nicosia....

Nicosia the conference city has a history of 5000 years and has been the capital of Cyprus for the last 1000 years. Its rather stormy history and the many invaders, enriched it with their monuments, but did not change its heart. Even today, torn in two by the Turkish invasion of 1974, and being the only divided capital of the world, the city looks upon the future with great optimism and takes great pride in showing its rich historical heritage to its many visitors.
